

WHITEPAPER

[KEY DOKUMENT]

Following this, the contents and explanation of the project direction and system will be applied in the Trevizo network. .

WHITEPAPER 0.1.0

Trevizo is a trademark and copyrighted property Trevizo Company which has legal legality official. In general Trevizo is engaged in the industry and distribution of building materials and a platform marketplace, and will innovate with blockchain technology and token.

Trevizo has been established since 2009 in Surabaya, Indonesia. And now it operates as an industry building, which is a material provider that is supplied to ± 300 store that has been active since its inception, and will continue to trying to expand the store for product distribution.

Stores that have collaborated with TREVIZO come from various cities in Indonesia, while the benefits offered to them (SHOP) in the form of discounts and Special Gifts at the end of the year.

Blockchain On Industry (Trevizo Company)

Blockchain has a decentralized nature, where everyone can see who owns the Trevizo asset / token in one network.

Trevizo uses the TRC10 standard in token Tron Blockchain network, and does not close chances are if someday you will migrate to TRC20 tokens by developing some smart contract features.

TOKEN INFORMATION

✚ Name	: TREVIZO
✚ Symbol	: TVZ
✚ Token ID	: 1002643
✚ Total Supply	: 3.000.000.000 TVZ
✚ Type	: TRC10 (Standart Token)
✚ Blockchain	: TRX Network
✚ ICO Price	: 0.05 TRX
✚ ICO Start/End	: 1 March 2020 – 31 May 2020
✚ SoftCap	: 2.500.000 TRX
✚ HardCap	: 75.000.000 TRX

ICO Allocation

- Operasional : 10 %
- Company Fund : 25 %
- Development` : 35 %
- Team : 30 %

Token Allocation

- Total Supply : 3.000.000.000 TVZ
- Private Sale : 500.000.000 TVZ
- Public Sale : 1.500.000.000 TVZ
- Company Fund : 899.000.000 TVZ (500m TVZ, freeze for 5 years)
- Team : 100.000.000 TVZ
- Private Sale Rate : 5 IDR / 0.0006 USD
- Airdrop : 1.000.000 TVZ

STAKEHOLDER

For the sake of creating a healthy ecosystem and maintaining the stability of the price of tokens, the Team strives to create ecosystems, including;

As a shop you can get a discount for every purchase on TREVIZO, by holding a TVZ token of at least 5,000,000 TVZ Get a passive profit every year, from the 50% sales profit returned to the asset / token holder.

Example:

Formula

$(\text{TVZ Staked} : \text{total TVZ hold}) \times ((50\% \times \text{NET Profit IDR}) : 12 \text{ month}) \times \text{Time Hold}$

$(5\text{m} : 1.2\text{B}) \times (50\% \times 12\text{b}) = 0.004167 \times 6\text{b IDR} = 25\text{m} : 12 = 2.083.500 \text{ IDR} \times 9 \text{ month} = 18.751.500 \text{ IDR}$

$(10\text{m} : 1.2\text{B}) \times (50\% \times 12\text{b}) = 0.008333 \times 6\text{b IDR} = 49.998\text{k IDR} : 12 = 4.166.500 \text{ IDR} \times 12 \text{ month} = 49.998.000 \text{ IDR}$

Every year Trevizo will hold an Asset Holder General Meeting which is routinely held every January 15 of each year. And the distribution of turn over of 50% to executive and discussion of the annual recap report and the company's financial audit report.

FAQ :

■ What is SoftCap?

SoftCap is the minimum amount of funds in need for operational costs at the start.

■ What is HardCap?

HardCap is the funds collected if the token which is allocated for public sale is sold all.

■ What is ICO?

ICO (Initial Coin Offering) is an activity crowdfunding / fundraising for the project blockchain, like an IPO on the stock exchange.

■ Where office of TREVIZO?

Jalan Ruko Rungkut Makmur Square c62 Surabaya

■ Can at any time - I want to meet the CEO / Team Developer?

Yes, as long as make an appointment first.

■ Is there a guarantee that the TVZ / TREVIZO Token price will not go down?

There is no guarantee of certainty regarding prices, however the team will try to make a good ecosystem and create token requests.

■ Is there any possibility for TVZ to mainnet?

For now TVZ is still based on TRC10 Tokens, Possibility to mainnet, if there will be a system development plan in the future.

■ Why TVZ Token Created Under TRON?

With the consensus mechanism applied by TRON with DPOS, the network can run very quickly with very low cost and free.

■ What is bounty program?

Bounty is a program that aims to develop the quantity and quality of products with marketing blockchain techniques.

Ecosystems in the Private Sale token will be allocated as many as *500,000,000* Tokens, and unsold tokens will be allocated for marketing, initial airdrop development.

Partnership

Trevizo will work with several media networks and platforms in the future to improve service and product quality.

Human Resources

We will improve the quality of human resources for the team to create new ideas and product innovations.

Platform

Trevizo will provide a platform to support the buying and selling between providers and procurement parties (Tenders). Provide a global marketplace for resellers / sellers to sell goods / offer goods to end users / buyers.

Allow the **Trevizo Marketplace** to be launched in the future and will operate in that country has legalized Crypto for transactions, like **Singapore**.

Creating Demand

Certainly in a blockchain project it will be very important to determine the direction of the project token for creating demand. Here **TREVIZO TEAM** has task to take on that role.

The Good Point of TVZ benefit :

1. Getting Passive Income Every Years
2. All transaction on Trevizo marketplace
3. Bought partner produk of Trevizo.
4. Paying fee on Trevizo Platform.

Pre Sale / Public Sale

Crowdfunding will have 3 periode of selling token :

- Pre Sale (5 IDR / 0.0006 USD) 1 October – 30 February 2020
- Public Sale (0.05) 01 March – 31 May 2020
- Partner Sale
